Concerning Our New Factory

A greatly increasing business has made it necessary for us to seek larger quarters. To this end we are now constructing a factory, of 50,000 square feet of floor space (double our present establishment), which will be ready for occupancy by the end of the present year.

The new factory will consist of two brick buildings, of modern construction, equipped with the best and most up-to-date labor-saving machinery.

With our increased plant we shall be better able to meet the requirements of our customers in the economical and speedy performance of their work.

One of our special lines is the manufacture of wrenches and our efforts in this direction have resulted in the production of the strongest wrenches on the market.

We have made and sold over one million (1,000,000) wrenches during the past twelve months—more than any other one wrench manufacturer in the world.

Our large and varied lines of manufactures include the making of parts for automobiles, motor-cycles and other special machinery to which a considerable space in the factory will be devoted.

The Frank Mossberg Company

Patent Adjustable Wrenches

"Sterling"

¶ FOR Machinists, Plumbers, Fitters, Carriage Builders and Automobilists. The material, finish and style of these wrenches cannot be excelled. For automobile use they are unsurpassed as they have comparatively thin jaws and the length of the handle gives a perfect leverage which combined with great strength makes an ideal wrench.

The **Sterling No. 14** has a curved end adapted for use as a tire lever. Made in Nickel Plated and Mottled Finish.

The strongest wrench made
Proved by repeated comparative tests.

All wrenches thoroughly case hardened. Each wrench fully guaranteed

Patent Adjustable Wrenches

"Sterling"

With steel handles

¶ FOR machinists, plumbers, automobilists and general shop use. The **steel handle "Sterling"** wrench is the highest grade wrench made for general use. Although of comparatively light weight, the material and special construction produce a wrench of great strength. The steel handle fits the hand and gives a positive grip. Made in Nickel Plated and Mottled Finish.

The strongest wrench made
Proved by repeated comparative tests.

All wrenches thoroughly case hardened. Each wrench fully guaranteed

The Mossberg Wrench Display Stand

Increases Wrench Sales

In order properly to show our line of wrenches, we are offering a neat, effective display stand for window or counter use. Customers who have used this stand have increased their wrench trade from 50 to 100 per cent. It is a well-known fact that goods properly displayed sell themselves. We have solved the problem of displaying wrenches properly. A special assortment of wrenches is sold with this stand at an attractive price to introduce our line to the wholesale and retail trade. Should the assortments shown not meet requirements, any desired selection may be furnished.

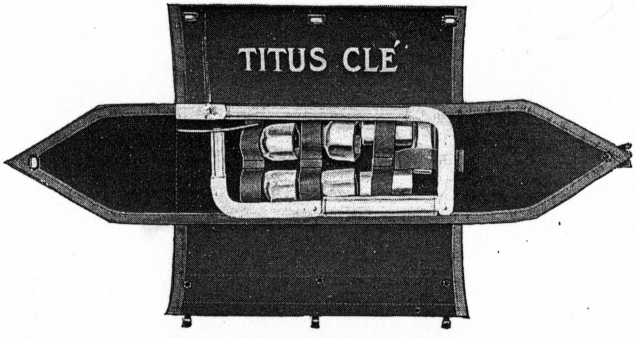
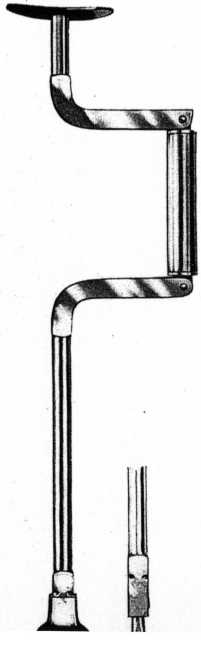
TITUS CLE

Patented April 14, 1908



The Titus Cle is an extremely simple and practical form of folding socket wrench. It is invaluable in working around automobiles, motor boats, gas or gasoline engines. This wrench permits adjustment in places difficult of access (without burning or injuring the hands)—impossible with the ordinary form of monkey wrench.



With the Titus Cle, repairs can easily and quickly be made; any bolt, nut or set screw can be loosened or tightened without getting into a cramped or uncomfortable position.

Grinding Engine Valves is easily accomplished by the use of this wrench. The handle of the Titus Cle folds up and the wrench is carried in a small, compact, canvas case as illustrated.

The Titus Cle consists of a handle, screw driver and a set of seven **pressed steel** sockets which can be instantly attached to the end of the handle.

List of sockets furnished with this wrench.

HEXAGON

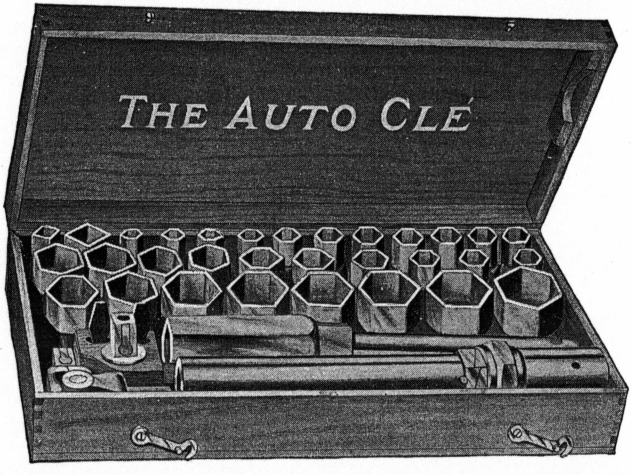
$\frac{17}{32}$″, $\frac{19}{32}$″, $\frac{21}{32}$″, $\frac{23}{32}$″, $\frac{13}{16}$″, $\frac{29}{32}$″, $1\frac{3}{32}$″.

Nickel Finish throughout.

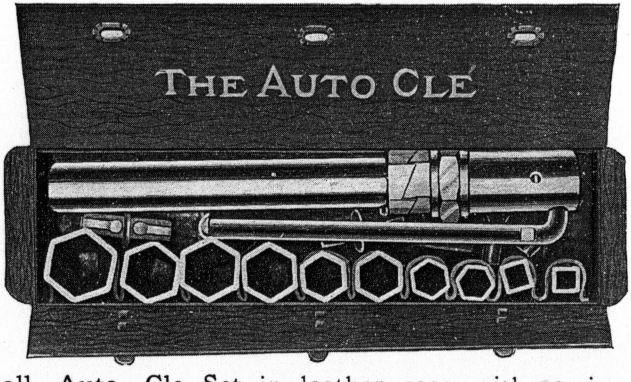
Auto Cle

Patented

The original ratchet socket wrench for Automobiles.



Large Auto Cle Set in wooden case with 31 sizes of **pressed steel sockets.** Nickel Finish throughout. Price and Discount upon application.



Small Auto Cle Set in leather case with 12 sizes of **pressed steel sockets.** Nickel Finish throughout. Price and Discount upon application.

The Frank Mossberg Company

AUTO CLE SETS

The LARGE AUTO CLE SET consists of the following:

One take down reversible ratchet handle.
One Swivel or Universal Joint, which permits using the wrench at any angle.
One 9 1/2 inch extension bar.
One 1 3/4 inch extension bar.
Two sizes of screw driver bits.
Thirty-one sizes of PRESSED STEEL sockets.

Sizes of sockets furnished:

HEXAGON

$\frac{5}{16}''$, $\frac{11}{32}''$, $\frac{3}{8}''$, $\frac{13}{32}''$, $\frac{7}{16}''$, $\frac{15}{32}''$, $\frac{1}{2}''$, $\frac{17}{32}''$, $\frac{9}{16}''$, $\frac{19}{32}''$, $\frac{5}{8}''$, $\frac{21}{32}''$, $\frac{11}{16}''$, $\frac{23}{32}''$, $\frac{3}{4}''$, $\frac{25}{32}''$, $\frac{13}{16}''$, $\frac{27}{32}''$, $\frac{7}{8}''$, $\frac{29}{32}''$, $\frac{15}{16}''$, $\frac{31}{32}''$, $1''$, $1\frac{1}{32}''$, $1\frac{5}{32}''$, $1\frac{9}{32}''$

Special Spark Plug Socket $\frac{29}{32}''$ hexagon 4″ long.

SQUARE

$\frac{13}{32}''$, $\frac{17}{32}''$, $\frac{21}{32}''$

These sockets will fit all set screws, bolts and nuts in general use on automobiles whether of American or Foreign manufacture.

The above parts and sockets are contained in a compact hardwood case fitted with pegs on which to place the sockets, thus making loss of parts unlikely and preventing rattle or noise.

THE SMALL AUTO CLE SET is the same as the large Auto Cle set with the exception that twelve sizes of PRESSED STEEL sockets are furnished instead of thirty-one.

Sizes of Sockets furnished:

HEXAGON

$\frac{15}{32}''$, $\frac{17}{32}''$, $\frac{19}{32}''$, $\frac{21}{32}''$, $\frac{23}{32}''$, $\frac{13}{16}''$, $\frac{29}{32}''$, $1\frac{3}{32}''$

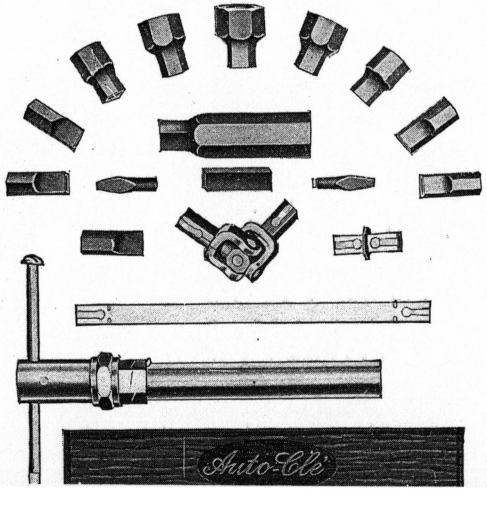
Special Spark Plug Socket $\frac{29}{32}''$ hexagon 4″ long.

SQUARE

$\frac{13}{32}''$, $\frac{17}{32}''$, $\frac{21}{32}''$

The small Auto Cle set is contained in a compact leather case with compartments for sockets.

The Small Auto Cle Set comprises all the parts shown in illustration

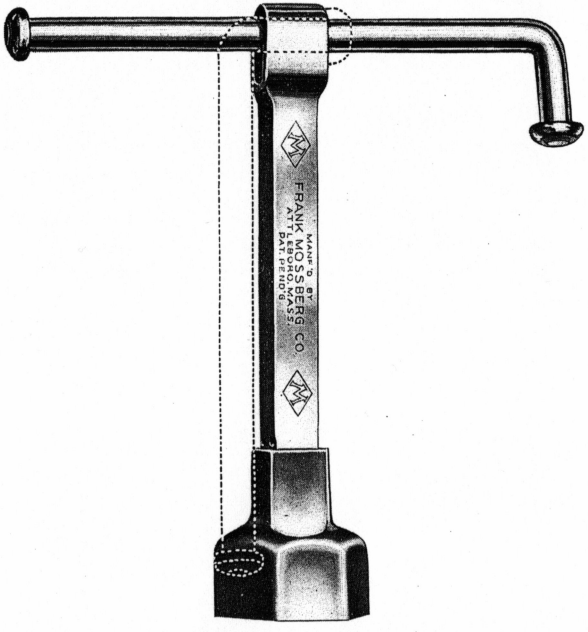


The leather case holds them all

Mossberg Socket Wrench

Patent applied for

NICKEL PLATED



Mossberg Socket Wrench

The handy, convenient wrench for Automobiles, Motor-boats, Gas Engines, Pumps and other light machinery.

Its length makes it convenient for use in places difficult of access, and the length of the handle furnishes ample leverage.

Mossberg Socket Wrench Set No. 6

In wooden or leather case.

One folding handle.

Two sizes of screw driver bits.

Seven sizes of Hexagon PRESSED STEEL SOCKETS, as follows: 17/32 in., 19/32 in., 21/32 in., 23/32 in., 13/16 in., 29/32 in., 1 3/32 in., fitting Set Screws, Bolts and Nuts in general use.

Special Spark Plug Socket 29/32 in. x 4 in.

As a part of the tool equipment for special machines this set may be furnished with any required assortment of sockets.
